## **EXPERIENCE**

### **ESOLUTIONS GROUP** | SOFTWARE DEVELOPER

Sep 2016 - Dec 2016

- Reduced website setup time from one day to under 30 minutes by writing scripts to make REST API calls. (PowerShell, SQL)
- Developed and deployed 8 websites (out of 15 sites total from the team) for large cities and corporations using the company's internal content management system. (.Net, SQL)

#### KPMG | Sr. Software Developer

Jan 2016 - Apr 2016

- Built an application to improve the tax return preparation process, saving 3 to 5 days of development time per client. Generated tax returns for over 4,000 individuals. (VBA)
- Prototyped UI for new international tax software. (C#, .Net)

#### **TELUS HEALTH** | PROGRAMMER ANALYST

May 2015 - Aug 2015

- Directed migrations to continuous integration for three teams, involving introduction to Jenkins and Git.
- Refracted poorly maintained QA tool and redesigned UI to be more intuitive increasing productivity by 10%. (Java)

#### **KPMG** | SOFTWARE DEVELOPER

Sep 2014 - Dec 2014

- Rebuilt platform to host complex questionnaire websites that filed tax returns for over 5.000 individuals. (C#.Net)
- Wrote tools and macros handling client data to saving 3-4 days of manual work. (VBA, Excel)

# PERSONAL PROJECTS

#### FLOW SOLVING ALGORITHM | PYTHON

May 2017 - Present

- Designed algorithm to solve a phone puzzle game named Flow.
- Reduced search space by contracting edges of the grid based on the clustered points.
- Determined unsolvable stages to reduce width of the search tree.

#### **TETRIS** | PYTHON - PYGAME

Aug 2017

- Implemented real time tetris game based on Tetris Battle GUI.
- Emphasized on smooth and intuitive game mechanics.

### **SKILLS**

#### **LANGUAGES:**

Python • Java • C • C++ C# • PowerShell • JavaScript SQL • Scheme

#### **TOOLS:**

Pygame • Numpy Linux • Git • Vim

### **EDUCATION**

#### **UNIVERSITY OF WATERLOO**

FOURTH YEAR COMPUTER SCIENCE MUSIC MINOR Expected Dec 2018

### **COURSEWORK**

Algorithms
Operating Systems
User Interfaces
Numerical Computation
Artificial Intelligence
Concurrent & Parallel Programming

# **EXTRA CURRICULARS**

#### **MUSICAL DIRECTOR:**

Conductor at St. Cecilia's Youth Orchestra 2013 - 2016

- Three years of professional conducting experience.
- Built spreadsheets tools to organize and streamline executive tasks.

Musical Director at UWaterloo A Cappella Club 2016 - 2017

- Lead weekly beatboxing and music theory workshops.
- Performed at numerous concerts with over 700 patrons.

#### **HOBBIES:**

Skiing • Badminton Martial Arts • Music Production
